

2008 REFRACTIVE IOL SYMPOSIUM

Back by Popular Demand!
Addressing Astigmatism Course
Friday, September 26

SEPTEMBER 26-28, 2008 • THE PALAZZO AT THE VENETIAN, LAS VEGAS

Stay Ahead of the Curve By Attending This Symposium.

The Refractive IOL Symposium will provide key insights on implanting refractive IOLs and tips for improving outcomes in an open forum to encourage peer-to-peer interaction. If you are expanding your practice to include refractive IOLs or want to further build your existing practice, the 2008 Refractive IOL CME symposium will offer unbiased and balanced content dedicated to lenticular-based refractive surgery.

Sessions will be organized according to the following categories:

- The Business of Refractive and Presbyopia-Correcting IOLs
- Patient and Lens Selection Strategies
- Proven Practice Models
- The Surgical Correction of Presbyopia: Optimizing Outcomes
- Managing Complications and the Unhappy Patient

**This activity has been approved for
up to 13 AMA PRA Category 1 Credits™**

DISCLOSURE:

The Dulaney Foundation adheres to ACCME standards regarding industry support of continuing education. Disclosure of faculty and commercial support relationships will be made known at the activity.
